DIRECTED®

4X10
DIGITAL REMOTE START UPGRADEABLE FOR SECURITY

DIRECTED®

• Remote Start & Security System with Integrated Interface
• 3 Times Lock = Remote Start
• Compatible with 95% of the Vehicles on the Road

Features a fully functional system with an integrated data bus interface.

These New systems are the most flexible systems ever created. Simplifying installation with integrated interface and T-harness applications, as well as limitless control options. System can be controlled by SmartStart, any of Directed's long range remotes, or the factory remote simultaneously.

Directed Digital Systems give you the freedom to customize the configuration for every vehicle and provide the perfect customer experience!

Includes:
• remote start system
• uses factory key to start vehicle remotely
• remote start function is for fuel injected, diesel, and hybrid vehicles with automatic transmissions
• manual transmission mode works with select vehicles
• vehicle-specific harnesses simplify and speed installation
• some vehicles may require the MC501 high current relay pack in order to enable remote starting
• works with optional Viper systems to increase range

Add:For Security Upgrade
• DIRECTED 504D Double Guard Stinger Shock Sensor
• 514N 6-Tone Revenger Siren

DIRECTED®
SMARTSTART·PRO

NEW DSM550
4G LTE GPS MODULE

Features:

• New! 4G LTE technology provides blazing fast response time throughout North America. 3G backup ensures the most robust coverage possible.

• Optimized for use with DS4/DS4+ and other Directed digital systems & fully compatible with most other Directed systems

• New simplified one-piece wiring harness for faster, cleaner installs

• Module is plug-for-plug compatible with existing installations

• Activate on Secure or GPS plans with 1 or 3 year options

• Requires v5.0 or newer Directed SmartStart app

THE CONNECTED CAR REIMAGINED

Ready, set, done! The all-new Directed SmartStart Pro is the fastest connected car solution available. Optimized for use with Directed's groundbreaking DS4 platform, SmartStart Pro delivers scorching speed with 4G LTE connectivity and future-proof design to ensure support for new features as they are developed.

Available on the following mobile phone platforms.
