MARINE PRODUCTS

DIGITAL MEDIA PLAYERS

AQ-MP-5BT

The patented AQ-MP-5BT features standard Bluetooth connectivity, 3" dot-matrix display, device connection via 3.5mm jack plug or RCA inputs and easy navigation via rotary knob control.

- A2DP Bluetooth enabled
- Device charging via USB
- 3" dot-matrix display
- 288W max power (4x 72W)
- 1x pair RCA pre-outs (2V)
- 1x pair RCA auxiliary inputs
- 1x 3.5mm jack input

- Rotary Knob control
- FM/AM radio with 30 presets
- Removable faceplate
- Waterproof IP55
- Fits large smartphones and media devices including Samsung Galaxy Note and iPhone 6 Plus
- Remote Control ready (AQ-WR-5F sold separately)

AQ-WR-5F Wired Remote Control

- Flush mount design
- LCD screen
- Polished Stainless Steel Bezel
- Waterproof IPx5
- UV & Salt/fog resistant
- Requires extension cable AQ-EXT-3, AQ-EXT-12, AQ-EXT-24 (sold separately)

Detachable faceplate

Waterproof and secure storage for digital devices

DIGITAL MEDIA PLAYERS: KEY FEATURES

A2DP BLUETOOTH

A2DP Bluetooth audio streaming and two-way communication between Apple and Android devices and the Media Player - view track info, songs, artists and albums on the 3" display.

ALBUM ARTWORK*

Album artwork is available when paired via Bluetooth with Apple devices, using IAP (Information Apple Protocol) Bluetooth.

USB PLAYBACK* & CHARGING

Listen to your favorite MP3 music via built-in USB connection for USB flash drives, iPod and iPhone. When connected via USB your device will charge automatically.

*AQ-MP-5UBT only.

FIT THE LARGEST SMARTPHONES & DEVICES

Our oversized docking compartments can accommodate even the largest modern smartphones, up to and including the Samsung Galaxy Note and iPhone 6 Plus.

MULTIPLE INPUT SOURCES

AQ-MP-5UBT: A2DP & IAP Bluetooth / iPod / iPhone / USB / MP3 / AM / FM / AUX

AQ-MP-5BT: A2DP Bluetooth / MP3 / AM / FM / AUX

288W AMPLIFIER

All Aquatic AV stereos feature a powerful 288W amplifier capable of powering up to 8x speakers, or a combination of speakers and subwoofers, to create the perfect onboard sound system.

AQ-MP-5UBT

Our patented flagship model AQ-MP-5UBT is the perfect marine stereo, packed with features including 3" color screen with album artwork and song/playlist data, Bluetooth, USB connectivity and easy navigation via rotary knob control.

- A2DP & IAP Bluetooth enabled
- USB, iPod, iPhone, MP3 connectivity
- Device charging via USB
- 3" daylight readable color screen
- iPod/iPhone album artwork display
- 288W max power (4x 72W)
- 2x pair high-power (4V) RCA pre-outs
- 1x pair RCA auxiliary inputs
- 1x 3.5mm jack input
- Rotary Knob control
- FM/AM radio with 30 presets
- DSP EQ
- 2x 12V Triggers
- Removable faceplate
- Waterproof IP55
- Fits large smartphones and media devices including Samsung Galaxy Note and iPhone 6 Plus
- Remote Control ready (AQ-WR-5F sold separately)

AQ-WR-5F Wired Remote Control

- Flush mount design
- LCD screen
- Polished Stainless Steel Bezel
- Waterproof IPx5
- UV & Salt/fog resistant
- Requires extension cable AQ-EXT-3, AQ-EXT-12, AQ-EXT-24 (sold separately)

Detachable faceplate

Waterproof and secure storage for digital devices

VERSATILE CONNECTIONS

Our 288W amplifiers are 4 Ohm and 2 Ohm stable, so you can connect up to 8x speakers (at 2 Ohms). Plus our high-quality pre-outs allow connection of additional amplifiers for further expansion of your onboard sound system.

FM/AM RADIO

Listen to your favorite FM and AM radio stations with 18x FM and 12x AM presets. Compatible with both US and European frequencies.

12V TRIGGERS*

Our unique 12V Triggers allow external devices, such as amplifiers, deck or spot lighting to be switched on/off directly from the Media Player or Remote Control.

*AQ-MP-5UBT only.

DSP & FULL EQ*

Take full control of your sound with our onboard DSP (Digital Signal Processing) EQ - select from presets such as pop, jazz, rock etc, or create your own settings.

BUILT FOR MARINE

Our Digital Media Players are fully waterproof, rated IP55, UV and salt/fog resistant to protect against the toughest marine conditions.

REMOVABLE FACEPLATE

Both Media Player models feature a fully removable faceplate, a useful feature when your boat is moored up over winter or to reduce the risk of theft.

BLUECUBE MEDIA PLAYERS

Our BlueCube+ and BlueCube Media Players are designed to be installed completely hidden away and out-of-sight.

Wirelessly connect your Bluetooth enabled device to stream your music directly from your device.

Control music directly from your device or via remote control.

BLUECUBE+ MEDIA PLAYER

AQ-BC-5UBT

- A2DP & IAP Bluetooth enabled
- USB, iPod, iPhone, MP3 connectivity
- Device charging via USB
- 288W max power (4x 72W)
- 1x pair RCA auxiliary inputs
- 2x pair high-power (4V) RCA pre-outs
- FM radio with presets
- 12V Trigger
- Waterproof IP65
- Handheld Remote Control included
- Wired remote ready (AQ-WRBC-5UBTF sold separately)

BLUECUBE MEDIA PLAYER

AQ-BC-5BT

- A2DP Bluetooth enabled
- 288W max power (4x 72W)
- 1x pair RCA auxiliary inputs
- 1x pair high-power (4V) RCA pre-outs
- Waterproof IP65
- Remote Control ready (AQ-WRBC-5BTF and AQ-RFBC-5BT sold separately)

AQ-WRBC-5UBTF Wired Remote Control

- Flush mount design
- LCD screen
- Polished Stainless Steel Bezel
- Waterproof IPx5
- UV & Salt/Fog resistant
- Requires extension cable AQ-EXT-3, AQ-EXT-12, AQ-EXT-24 (sold separately)

AQ-RFBC-5BT Handheld Remote Control

- Floating design
- LCD screen
- 40ft range
- Waterproof IP66
- UV & Salt/Fog resistant

AQ-WRBC-5BTF Wired Remote Control

- Flush mount design
- LCD screen
- Polished Stainless Steel Bezel
- Waterproof IPx5
- UV & Salt/Fog resistant
- Requires extension cable AQ-EXT-3, AQ-EXT-12, AQ-EXT-24 (sold separately)

DIGITAL MEDIA LOCKERS™

Our patented Digital Media Lockers™ provide waterproof and secure storage for MP3 players and devices with a powerful 288W built-in amplifier.

Oversized compartments accommodate even the largest smartphones such as the Samsung Galaxy Note and iPhone 6 Plus.

Take control of your music and view track data (song, artist, album, playlist) directly on the handheld waterproof Remote Control (included).

AQ-DM-5UBT

- A2DP & IAP Bluetooth enabled
- USB, iPod, iPhone, MP3 connectivity
- Device charging via USB
- 288W max power (4x 72W)
- 1x pair RCA auxiliary inputs
- 1x 3.5mm jack input
- 2x pair high-power (4V) RCA pre-outs
- FM radio with presets
- 12V Trigger
- Waterproof IP65
- Handheld Remote Control included

AQ-DM-5BT

- A2DP Bluetooth enabled
- iPod, iPhone, MP3 connectivity
- 288W max power (4x 72W)
- 1x pair RCA auxiliary inputs
- 1x 3.5mm jack input
- 1x pair high-power (4V) RCA pre-outs
- Waterproof IP65
- Handheld Remote Control included

PRO-SERIES SPEAKERS & SUBWOOFERS

Our Pro-Series speakers and subwoofers are designed and engineered specifically for marine use, featuring a clean, minimal design for installation in the classiest of boats.

With a powerful, high-quality sound output these speakers and subwoofers will provide sustained performance under the toughest conditions. Fully waterproof, salt/fog and UV protected.

Blue LED cone illumination provides an additional touch to these already stylish marine speakers.

AQ-SPK6.5-4LW

- Full range, co-axial speaker
- 6.5" cone
- 13mm tweeter
- 100W max / 50W RMS power
- 52-20,000Hz frequency response
- 4 Ohm impedance
- 175mm outside grill
- 130mm mounting hole
- 70mm mounting depth
- Removable grill

AQ-SPK6X9-4LW

- Full range, co-axial speaker
- 6"x9" cone
- 13mm tweeter
- 100W max / 50W RMS power
- 45-20,000Hz frequency response
- 4 Ohm impedance
- 267mm x 197mm outside grill
- 130mm mounting hole
- 86mm mounting depth
- Removable grill

AQ-SPK10-4LW

- Subwoofer
- 10" cone
- 400W max / 200W RMS power
- 40-4,000Hz frequency response
- 4 Ohm impedance
- 282mm outside grill
- 228mm mounting hole
- 112.5mm mounting depth
- Removable grill

Also available in Black and Chrome color grill

AQ-SPK6X5-4LB

AQ-SPK10-4LB

AQ-SPK6.5-4LC

AQ-SPK10-4LC

ACTIVE SUBWOOFER

with BUILT-IN AMPLIFIER & SPEAKER OUTPUTS

The AQ-SWA8-1 Active Subwoofer includes a built-in amplifier with full-range speaker outputs. Connect the subwoofer directly to a pair of speakers to create a complete sound system, with no additional amplification required.

Variable input gain control allows for optimum performance from any input device, while the tuned port and electronic cross-over ensure outstanding audio performance.

AQ-SWA8-1

Built-in Amplifier Specification

- 2x RCA (variable 400mV, 2V or 4V)
- 4 Ohm & 2 Ohm stable inputs
- 2x speaker outputs
- 288W max power (144W full range, 144W subwoofer)
- Electronic cross-over

Subwoofer Specification

- 8" cone
- 144W max power
- 26-125Hz frequency response
- 125-20,000Hz frequency response

MARINE AMPLIFIER

SHOCKWAVE TECHNOLOGY™

Shockwave Technology brings together outstanding sound quality, high performance characteristics and unprecedented reliability in a single amplifier.

Completely sealed and waterproof (rated IP65) to deal with the toughest marine conditions.

Stable operating 2ohm and 4ohm speaker configurations.

Digital technology and high-quality components produce true sound reproduction and reduce EMI, power consumption, strain of battery and charging systems, space and weight.

AQ-AD600.4

- 4/3/2 channel amplifier
- 600W max power
- 15-25,000Hz frequency response
- Digital (Class D) technology
- Waterproof IP65
- 4x RCA inputs

- 4 Ohm & 2 Ohm stable
- 4x 100W max power (4 Ohms)
- 4x 150W max power (2 Ohms)
- 2x 200W max power (8 Ohms - bridged)
- 2x 300W max power (4 Ohms - bridged)
