Scanners

Scanner Super Amplifier Booster

SUPER AMP
- Designed to Amplify Signal Reception from 100 MHz to 1GHz • Allows for Adjustable Amplification Level of up to 20dB • BNC Connectors • Bypass Switch • Adjustable Gain Controll
- Works with any Standard Handheld or Base Model Scanner

PSR-600 – *Digital Desktop/Mobile Scanner*
- Digital Triple Trunking Desktop/Mobile Scanner
- Multi-System Trunking • SAME and All Hazards Weather Alerting • Menu Driven Programming with Context Sensitive Help

PSR-410 – *Desktop/Mobile Scanner*
- Intuitive "Object Oriented" User Interface Design
- Multi-System Trunking • SAME and All Hazards Weather Alerting • CTCSS & DCS Functionality
- Exclusive ALERT LED • Hi-Speed PC Interface

PSR-200U – *Desktop Standard*
- 200 Channels • SAME (FIPS) Weather Alert
- Five 1-Touch Service Searches • Skywarn
- PC Programmable • Backlight LCD Display
- Broadcast FM Band 87.3 - 107.9 • Signal Meter • Capability to Program/Decode the Private Line (CTCSS/DCS)

PSR-700 – *Handheld Scanner*
- Multi-system Analog Trunking (Motorola/EDACS and LTR) • Simple Menu Driven User Interface • Preloaded 2GB SD Card Included
- EZ Updating via Internet • Compact, Modern Case Design • CTCSS and DCS Subaudible Decoder • SAME Weather Alerts • Spectrum Sweeper • User Upgradable CPU Firmware

PSR-500 – *Handheld Digital Scanner*
- Digital Triple Trunking • Menu Driven Programming with Context Sensitive Help
- Upgradeable CPU & DSP Firmware • Multi-System Trunking • SAME and All Hazards Weather Alerting

PSR-310 – *Handheld Scanner*
- Intuitive "Object Oriented" User Interface Design • Multi-System Trunking • SAME and All Hazards Weather Alerting • CTCSS & DCS Functionality • Exclusive ALERT LED • High Speed PC Interface

PSR-100 – *Handheld Standard*
- Handheld Portable Scanner • SAME (FIPS) Weather Alert • 200 Channels • 5 One Touch Service Searches • PC Programmable
