Audio/Video Receivers

AVR-1912—7.1 A/V Multi-Source/Zone Receiver

- Dolby TrueHD and DD+ • DTS-HD Master Audio and DTS-HR Decoding • Dolby PLIIz Matrix Decoding, Front Height Effects • DTS Decoding, including DTS 96/24 5.1 for DVD-Video, DTS ES Discrete 6.1, ES Matrix 6.1, and Neo: 6 Cinema & Music Modes 7 Channels Equal Power Amplifier Section, Fully Discrete Construction • 90 Watts per Channel • 2 Source/Zone Audio • HDMI 1.4a Repeaters with 3D, Audio Return Channel (6/1) • Front Panel USB input, iPod™ Direct • Works with iPhone Certified • Ethernet Port with Built-in Multi-Media Command and Control Functionality • Web Browser Control • Firmware Update/Upgrade • AirPlay Enabled • Internet Radio, Rhapsody, Napster & Pandora • Photo Streaming, including Flickr • Windows 7 Certified • Party Mode Plus • DLNA 1.5 Certified • New GUI on HDMI, with Overlay (HD)
- Audyssey MultEQ, Calibration Microphone included • Audyssey Dynamic EQ and Dynamic Volume • Power Amplifier Assign • AM/FM Tuner • New Style Pre-programmed Remote Control • Denon Control App available from the App Store • Sleep Timer

AVR-1712—7.1 A/V Multi-Source/Zone Receiver

- Dolby TrueHD and DD+ • DTS-HD Master Audio and DTS-HR decoding • Dolby PLIIz Matrix Decoding, Front Height Effects • DTS Decoding, including DTS 96/24 5.1 for DVD-Video, DTS ES Discrete 6.1, ES Matrix 6.1, and Neo: 6 Cinema & Music Modes 7 Channels Equal Power Amplifier Section, Fully Discrete Construction • 90 Watts per Channel • 2 Source/Zone Audio • HDMI 1.4a Repeaters with 3D, Audio Return Channel (6/1) • Component Video Switching (2 in/1 out) • New GUI, with Overlay (HD) • Dedicated iPod™ Compatible Port • Audyssey MultEQ XT, calibration microphone included • Audyssey Dynamic EQ and Dynamic Volume • Power Amplifier Assign • AM/FM Tuner • New Style Pre-programmed Remote Control • Sleep Timer

AVR-1612

- 5.1 Dolby TrueHD and DD+ • DTS-HD Master Audio & DTS-HR Decoding • Dolby PLIIz Matrix Decoding, Front Height Effects • DTS Decoding, including dts 96/24 5.1 for DVD-Video, DTS ES Discrete 6.1, ES Matrix 6.1, and Neo: 6 Cinema & Music Modes • Analog Devices 32 bit DSP Processor • 5 Channels Equal Power Amplifier Section, Fully Discrete Construction • 75W per Channel (8 ohms) • 120W per Channel (6 ohms)
- HDMI 1.4a Repeaters with 3D, Audio Return Channel (4/1) • Front Panel USB input, iPod Direct • Works with iPhone Certified • New GUI, with Overlay (HD) • HDMI CEC Support • Audyssey MultEQ, Calibration Mic included • Audyssey Dynamic EQ & Dynamic Volume • Dedicated iPod™ Compatible Port • Variable Low/High-pass Crossover • New Style Pre-programmed Remote Control • Sleep Timer

AVR-1312

- 5.1 Dolby TrueHD, DD+ and PLII • DTS-HD Master Audio and DTS-HR Decoding • Analog Devices 32 bit DSP Processor • 24 bit, 96 kHz A/D
- 5 Channels Equal Power Amplifier Section, Fully Discrete Construction • 75 Watts per Channel (8 ohms) • 110 Watts per Channel (6 ohms)
- HDMI 1.4a Repeaters with 3D Support – All Mandated Formats (4/1) • New GUI, with Overlay (HD) • HDMI CEC Support • Dedicated iPod™ Compatible Port • Variable Low/High-pass Crossover • New Style Pre-programmed Remote Control

AM/FM Stereo Receiver

DRA-297

- AM/FM/FM Stereo Tuner with 56-station Auto preset FM Memory • Video/Audio Signal Mixing for Simulcasts • Discrete Source Select
- Speaker A/B Selector • Tone Controls and Tone Control Defeat • Signal Level Divided Construction • XM Satellite Radio Ready • Dedicated iPod™/Network Client Compatible Port • 50 Watts x 2 into 8 ohms • 4 ohms Stable • Banana-plug Compatible Speaker Terminals • Composite Video switching: 3 Inputs/2 Outputs • Preamp Output • Record Out Selector • IR Remote Input/Outputs • New S-Series Simple Remote Control
