Part# **GM5201AB**

2010 - Up Chevrolet Camaro Double DIN and DIN with Pocket Installation Kit

Part# **LS2151B**

2006-Up Lexus IS Series Aftermarket Stereo Installation Kit w/Integrated AC Controls (Non-Navigation)

Retains: Climate Controls, Steering Wheel Controls, OE Personalized Menus & Settings, Amplified Systems, Passenger Airbag Indicator, Integrated Stereo Replacement Interface, Accommodates Double DIN and Single DIN Applications, Factory Color Match

This dash kit allows you to replace your vehicle's factory stereo to improve the overall sound quality of your car audio system. This dash kit is the first of its kind while including a full color touch screen air conditioning controller.

The GM5201B is configurable for single and dual climate controls. This dash kit has been designed with high quality automotive grade ABS plastic to match the texture and paint of your factory panels.

The LS2151B allows you to retain full A/C controls with the integrated UAC controls. You can adjust the fan, temperature, direct of air flow and control the front and rear defrost.

The kit includes an integrated stereo replacement interface and enables the factory steering wheel controls to work with the aftermarket stereo. This kit is all you need to install an aftermarket stereo.
