OFFERING AUTOMOTIVE UPGRADES WITH THE LATEST TECHNOLOGY

EXCLUSIVELY FOR NEW CAR DEALERS

FOR OVER 50 YEARS, Car Dealers across North America have counted on **VOXX ELECTRONICS CORPORATION** to fulfill their customers' needs and drive profitability. Covering a wide variety of in-vehicle technologies with exclusive brands not offered in retail and on-line channels, we provide the finest selection of after-market electronic solutions to the automotive retail industry. Our class leading customer service and OEM manufacturing expertise provides car dealers with a dedicated partner to drive profits and deliver the latest technology features that consumers are looking for.

Our **ADVENT® Rear Seat Entertainment Systems** deliver the ultimate in connectivity, providing users multiple ways of accessing content with the ability to utilize wireless streaming and HDMI technologies to their utmost potential. Integrating smart phones and many other content devices has never been easier than it is today.

On top of our industry leading rear seat entertainment solutions, we have added even more products to our **ADAS (Advanced Driver Assistance Systems)** and convenience product lines for this year. From our ever-expanding power lift-gate applications, new back-up cameras with better vision technology and state-of-art blind spot sensor solutions to **Gentex® Auto Dimming Mirrors** and new **HomeLink® Connect**, we can equip car dealers with profitable safety and convenience products that consumers demand in today's vehicles.

We are also bringing exciting new developments to our telematics family of products. All Carlink™ and Pursuit SVR systems now operate on the latest 4G Cellular network providing fast, reliable communication. For Carlink™, the VOXX exclusive Carlink™ Long Range gives you the ability to offer long range (over 1 mile) smartphone control with no monthly or annual fees. We also give you the ability to use your logo on the smartphone app with the My Branded App feature, giving you the ability to sell the consumer the Carlink™ system with your company's brand on the app. An industry first!

Last but certainly not least, **Pursuit** along with our **Flashlogic** integration systems continues the tradition of evolving security and remote start systems with new technologies. Our newly designed remote-control transmitter designs and innovative system flexibilities make offering security and remote start solutions to your customers easier than it has ever been before.

As in-vehicle technology continues to transform, car dealers can always depend on **VOXX ELECTRONICS CORPORATION** to deliver innovative technology solutions based on time proven experience and a deep dedication to consumer satisfaction.

- Specialty Mounting Brackets Available as Optional Accessories (see application guide)

Additional Seatback Versions:

- ADVSB10DD2 (does not include HDMI)
- ADVSB10MM2 (does not include DVD)

* Wireless content streaming may be limited based upon device and app restrictions

FOR 10.1" SEAT-BACK ENTERTAINMENT SYSTEM

MODEL #SBK-AUDI

BRACKET ACCESSORY REQUIRED FOR THE FOLLOWING MODELS:

- 2018-19 Audi Q7
- 2018-19 Audi Q8

MODEL #SBK-VOLV

BRACKET ACCESSORY REQUIRED FOR THE FOLLOWING MODELS:

- 2018-19 Volvo S60
- 2019 Volvo S60 R
- 2018-19 Volvo V90
- 2018-19 Volvo XC60
- 2018-19 Volvo XC90

MODEL #SBK - LINC

MOUNTING BRACKET NEEDED FOR INSTALLATION OF THE LINCOLN MODELS WITH PERFECT POSITION SEAT & ACTIVE MOTION

- 2018- 2019 Lincoln Navigator
- 2018- 2019 Lincoln Continental
- 2020 Lincoln Aviator

GUIDE POST LOCKS

FOR VEHICLES WITH FLOATING GUIDE SLEEVE CAPS OR PLASTIC TRIM SEAT TOPS

- SBKGS127 12.7 mm
- SBKGS14 14 mm
- SBKGS16 16 mm

*See Application Guide for Applicable Vehicle Makes & Models

MODEL #SBK-EXT1

EXTENSION BRACKET USED FOR SELECT APPLICATIONS TOYOTA, LEXUS AND ACURA

*See Application Guide for Applicable Vehicle Makes & Models

MODEL #SBK-MBB1

BRACKET ACCESSORY REQUIRED FOR THE FOLLOWING MODELS:

- 2020 Mercedes GLE
- 2020 Mercedes GLS

*Bracket mounts to the factory rear seat entertainment port in the seat-back

COMPLETE KIT CONFIGURATIONS

**ADV8SS01****8" DUAL HEADREST SYSTEMS WITH DVD/HDMI/USB**

- DVD players play DVD's and CD's in both monitors
- USB reader with charging in both monitors
- Hidden HDMI/USB inputs via supplied 6' extension cable with finished connector end

MONITOR FEATURES

- Headrest monitors with 8" Digital LED back-lit panels
- Resolution (800 x RGB x 480)
- Adjustable viewing angles
- Certified HDMI input
- A/V Input & Output
- RF Output for hard-wired FM modulator connection (FMDIRB required)
- USB input with charging
- Dual channel wireless headphones
- Full band FM transmitter
- (2) remote controls included

**ADVSB8SS****8" DUAL SEAT-BACK SYSTEMS WITH DVD/HDMI/USB**

- DVD players play DVD's and CD's in both monitors
- USB reader with charging in both monitors
- Hidden HDMI/USB input via supplied 6' extension cable with finished connector end

MONITOR FEATURES

- Headrest monitors with 8" Digital LED back-lit panels
- Resolution (800 x RGB x 480)

GENFDM3LN The Best Of A Mirror And Display In One

- New Gen III Design
- Full Display Mirror
- Auto-dimming for glare elimination at night

- MIRROR MODE: operates as standard mirror
- DISPLAY MODE: integrated LCD display for optimal rear vision
- Custom, interior-mounted, high-dynamic-range camera

Mirror Mode

- Mirror view available should camera or display become non-operational
- Allows driver to view vehicle interior, rear seats, passengers, etc.
- Fully functional auto-dimming mirror

Display Mode

- Radically improved rear view enhances driver safety
- Ideal for vehicles with limited rear visibility
- Camera view not hindered by headrests, pillars, small rear window, passengers, etc.

Backup Camera Mode

- All-new functionality!
- Provides rear vision and backup display simultaneously while reversing
- Inset backup camera display from any NTSC camera – CAMERA NOT INCLUDED
- Requires GENCAMHAR when using backup camera – NOT INCLUDED

GNTXR High Performance Rear Vision System For Professional Race Teams

From Gentex, the leader in digital vision systems and Full Display Mirrors comes the GNTXR!

- Ideal for closed cockpit environments
- Easily mounts to roll bar – Mirror and Camera Mounts NOT INCLUDED and should be fabricated by the race team
- Kit includes camera, display mirror and cables

SYSTEM SPECIFICATIONS:

Display

- High-definition display
- Anti-reflective (AR) coated glass
- Integrated pivot mount
- PC+ABS aluminum construction

Camera

- Excellent high dynamic range
- Best-in-class low-light performance
- Compact rugged design
- Designed for harsh environments
- Designed to IP6K9K automotive standards
- Waterproof

Available in the United States, Canada, and Mexico

HomeLink®

HomeLink is the most widely used and trusted car-to-home automation system that uses RF and wireless cloud-based transmission to operate gates, garage doors, home lighting, thermostats, locks, security systems and other compatible home automation devices

- **AUTO-DIMMING:** Automatically darkens to eliminate glare
- * **FRAMELESS DESIGN:** Enhanced aesthetics to complement any vehicle interior
- **CAR-TO-HOME AUTOMATION:** Control garage doors, gates, home lighting, and more
- **INTEGRATED HOMELINK 5:** 99% compatibility with garage door openers and security gates
- **COMPATIBILITY:** Compatible with any wedge mount vehicle along with others using adaptors (GENMNN1, GENMM2, GENMM3, GENMM4)

HomeLink Connect™

Drivers can take advantage of cloud-based wireless communication with the HomeLink Connect app — a new home automation app that grants drivers access to an increasing array of cloud-based home automation devices.

Once configured, the app pairs with your Bluetooth-enabled rearview mirror, allowing you to activate compatible home automation devices with your vehicle-integrated HomeLink buttons.

Download and configure the app by searching for HomeLink Connect in the App Store/Google Play to control a myriad of individual home automation devices or set up entire home automation "scenes." Available for iOS and Android, free for 1 year — \$1.99 renewal after the first year (exchange rates apply).

HomeLink® and the HomeLink House® logo are registered trademarks of Gentex Corporation. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Gentex Corporation is under license.

ACAJPCAM1 JEEP WRANGLER SPARE TIRE MOUNT CAMERA & BRACKET

- Wide-angle Vision: 150° viewing angle offers great visibility with virtually zero blind spots.
- Sight in Low Light: High-sensitivity optics provide excellent low-light performance for maximum visibility after dark.
- IP67 Waterproof: Camera is fully sealed inside a water-tight casing rated for immersion up to 1m.
- Guide Grid: Distance measurements are displayed as a grid overlay to assist with tricky parking.
- Mounts behind the spare tire.
- 1-year warranty

///ADVENT®

VOXX Blind Spot Detection systems are equipped with interior LED indicators for audio and visual alerts that are activated with rear-cross traffic feature which senses vehicles approaching while in reverse as well as vehicles, people or objects entering the blind spot of the vehicle.

**ADVBSD30**

VOXX BLIND SPOT DETECTION 3.0 is equipped with interior LED indicators for audio and visual alerts that are activated with the new added overtaking feature which alerts when the equipped vehicle passes another vehicle, rear cross traffic feature which senses vehicles approaching while in reverse as well as the standard vehicles, people or objects entering the blind spot of the vehicle.

- New Overtaking alert – alerts when equipped vehicles passes another vehicle
- Standard driving Blind Spot alerts are shown when other vehicles, people or objects enter the Blind spot of the vehicle
- Equipped with Rear Cross Traffic which alerts the driver of vehicles approaching from the left or right while in reverse
- Blind spot radar sensors located behind the bumper for simplified professional installation
- Blind Spot Speed activation at 15mph via built-in GPS Technology
- Audible & Visual LED indicator alerts
- Waterproof IP67 rated
- Includes new mounting bracket options for faster installation
- Sensor Alignment tool included in every kit
- 3 year warranty

KIT INCLUDES

ADVBSD25

VOXX BLIND SPOT DETECTION 2.5 is equipped with interior LED indicators for audio and visual alert. The rear cross traffic feature which senses vehicles approaching while in reverse as well as the standard vehicles, people or objects entering the blind spot of the vehicle.

- Standard driving Blind Spot alerts are shown when other vehicles, people or objects enter the Blind spot of the vehicle.
- Equipped with Rear Cross Traffic which alerts the driver of vehicles approaching from the left or right while in reverse.
- Blind spot radar sensors located behind the bumper for simplified professional installation.
- Blind Spot Speed activation at 20mph via built-in GPS Technology.
- Audible & Visual LED indicator alerts.
- Waterproof IP67 rated.
- 3-year warranty.

KIT INCLUDES

The LICENSE PLATE BLIND SPOT SYSTEM is equipped with interior LED indicators for audio and visual alerts that is activated with the new added rear cross traffic feature which senses vehicles approaching while in reverse as well as the standard vehicles, people or objects entering the blind spot of the vehicle.

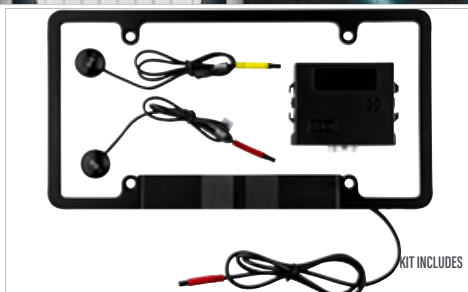

ACABSDLP

LICENSE PLATE BLIND SPOT DETECTION SYSTEM

- Equipped with Rear Cross Traffic which alerts the driver of vehicles approaching from the left or right while in reverse
- Built-in Blind spot radar sensors located at the bottom for simplified professional installation
- Blind Spot Speed activation at 20mph via built-in GPS Technology
- Audible and Visual interior LED indicator alerts
- Includes Flush Mount LED indicator lights
- Waterproof IP67 rated
- 1 year warranty

*Professional installation required

ACABSDLP2

LICENSE PLATE BLIND SPOT DETECTION SYSTEM

- Standard Blind Spot alerts when vehicles, people or objects enter the Blind Spot of the vehicle
- Built-in Blind Spot radar sensor mounts to license plate.
- Blind Spot activation at 20mph via built-in GPS Technology.
- Audible and Visual indicator alerts.
- Includes Flush Mount and Surface Mount LED indicators.
- Waterproof IP67 rated
- 3 year warranty

*Professional installation required

PSD100D includes multicolor indicator display in addition to audio warnings

PSD100/PSD100D DELUXE DIGITAL FRONT OR REAR (2) SENSOR UPGRADEABLE SYSTEM

- Learning capable - this system can learn to ignore vehicle mounted objects (i.e. bike racks, mounted spare tires, and/or hitch mounted accessories)
- Sensors detect obstacles over 6 feet away from the bumper
- System can be installed as a front or rear sensor system
- Waterproof connectors allow replacement of individual sensors at the bumper
- System is upgradeable to a (4) sensor system using PSD200 (2) sensor add-on kit
- Warning buzzer mute feature shuts off warning tones when towing or operating the vehicle off-road like OEM systems. Passive re-arming to maintain safety
- Both the sensitivity and the detection range are independently adjustable
- Includes 0°, 4°, 8°, and 16° angle sensor sleeves to fit most bumpers up to 16°
- Sensors can be flush installed without the sleeves for a more OEM look
- Sleeves not required in 80% of installations on plastic bumpers
- Adjustable buzzer volume and tricolor LED warning module helps with object range notification - (PSD100D only)
- The front sensor system has a reduced range and uses 'active learning' to detect only obstacles which are getting closer to the vehicle, eliminating false warnings
- The front sensor system requires only accessory power to operate
- Sensors can be painted to match vehicle color
- 3 year warranty
- Three detection zones give the following warnings:
 1. Slow beep within 6.5 - 3.5 feet, flashing **GREEN LED** indicator
 2. Medium beep within 3.5 - 1.3 feet, flashing **YELLOW LED** indicator
 3. Steady tone within 1.3 feet, flashing **RED LED** indicator

PSD200 (BLACK) (2) SENSOR ADD-ON KIT FOR PSD100/PSD100D

- Includes (2) sensors, cables, and hardware

SPC3 13/16" HOLE SAW

- For installing PSD100 sensors without the support ring

SPC4 26MM* HOLE SAW

- For use with PSD100 Sensors in metal bumpers

*** 26mm For Sensors When Installed in Metal Bumpers – Always Use the Sensor Sleeve for Any Metal Bumper.**

PSA08 ADAPTER SENSOR SLEEVES

- For use with any PSD100 Sensors when Replacing ASRSB Sensors
- Includes (4) Each of the 0° angle sensor sleeves
- Includes (4) Each of the 8° angle sensor sleeves

ACCESSORIES

EXPAND YOUR REACH. Why not put your **BRAND** on REMOTE START?

NEW TO CARLINK 6 CELLULAR & CARLINK LONG RANGE

You now have the ability to offer your customers a Remote Start APP with your BRAND allowing you to raise brand awareness and connect your customers directly with specials and promotions via customized push notifications.

YOUR BRAND. YOUR APP.

TAKE YOUR BUSINESS TO A WHOLE NEW LEVEL BY OFFERING YOUR CUSTOMERS THEIR OWN BRANDED PERSONAL APP.

THE BENEFITS OF GETTING YOUR OWN CUSTOM BRANDED APP:

INNOVATIVE PRODUCTS

Offer unique connected products that will provide your customers with a new experience of connectivity between them and their vehicle

PERSONALIZED

Provided a more personalized experience to your customers

PROFESSIONAL

Get ahead of retailers who don't offer a Branded APP

BRANDED

Raise more brand awareness and get discovered in the market. Connect directly to you customers through customized push notifications

CONVENIENT

My Branded APP dashboard is easy to use and will create your custom APP in a simple breeze

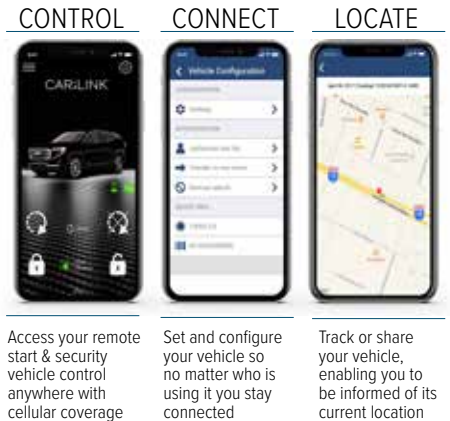

CONNECT WITH CELLULAR 6

Professional Installation Required

CARLINK™ 6 ASCL6

Cellular 6 offers today's most complete convenience and security solution. Cellular 6 transforms traditional smartphones into a virtual transmitter to communicate with vehicle when hardware is installed to allow smartphone app virtually unlimited range (based on cellular coverage) to operate remote start and security system.

- Remote Start/ Keyless Entry
- Door Lock/Unlock
- Door Lock Status
- Battery Voltage Status
- Vehicle Locator / GPS
- First Year Service Included (2nd Year \$ 29.95)

ASCL63YR included features above except 3 YEAR SERVICE INCLUDED

FLCL6HAR required when adding ASCL6 to stand alone FLCAN Applications

CONNECT WITH LONG RANGE

Professional Installation Required

CARLINK™
Long Range

Long Range when smartphone communicates with 2-way remote (150' range) to windshield mount LoRa BLE for over 1 mile of operating range to operate remote start and security system.

- No monthly fees
- Rapid response – Command confirmation in less than one second
- Real time smartphone interaction
- Intuitive user display
- Alarm notification with zone identification
- True runtime mode
- Cabin temperature
- Vehicle and transmitter battery level indicator
- Multi-vehicle operation

- 2-Way Remote with over 1 mile of operating range
- Micro USB rechargeable battery
- Alarm Notification
- Low Battery detection
- Multi vehicle operation

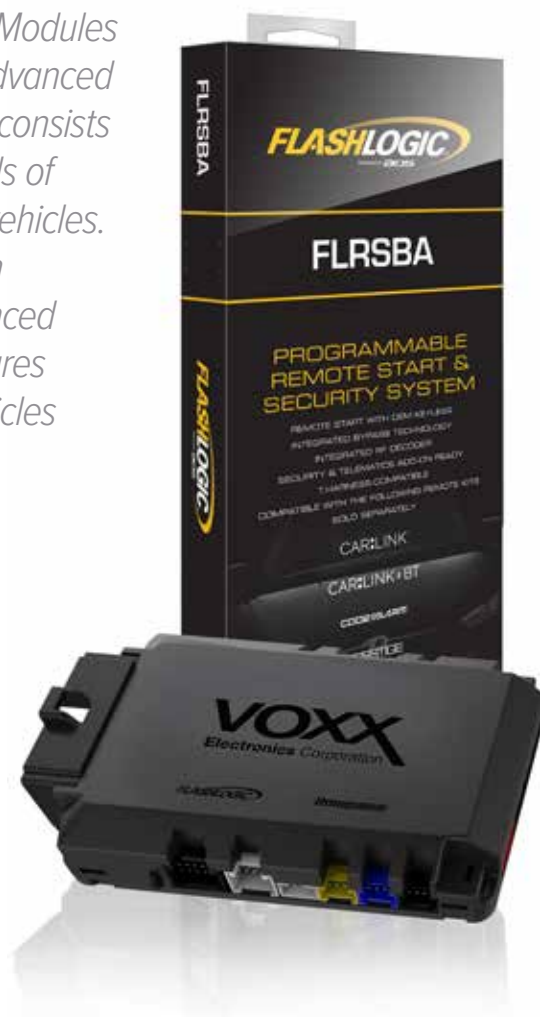

- True 2-way communications powered by LoRa technology
- Compatible with most digital remote start and security systems
- BLE Direct Connect pair up to (4) smartphones directly to transceiver
- Optional Basic Content Protection*
 - 3 axis accelerometer with shock sensor / Dual flashing LED's
 - (+/-) Door/Horn input / Horn output
 - Integrated valet/programming button

FLASHLOGIC FULLY INTEGRATED REMOTE START/SECURITY SYSTEM WITH BUILT-IN FLCAN

The Flashlogic line of Remote Start, Vehicle Specific Data Start Modules and Transponder / Door lock Interface Modules are the most advanced and comprehensive line-up in the Industry today. The program consists of three separate product offerings, designed to meet the needs of every Security & Remote Start installation for today's complex vehicles. The entire Flashlogic line-up was developed in conjunction with Automotive Data Solutions (ADS) and brings together the advanced technology of ADS with the core security and remote start features of the VOXX product lines. Flashlogic is the gateway to the vehicles electronic system – the ultimate in vehicle integration.

FLRSBA
PROGRAMMABLE REMOTE START & SECURITY SYSTEM

The FLRSBA Security & Remote Start System can be updated with over 100 different firmware versions, covering 7600+ vehicle Applications, and installation is a breeze with the built-in dual FLCAN. It also incorporates dual built-in data converters allowing dealers to add any Prestige, Code Alarm or Pursuit transmitter kit without the need of an external data converter. The FLRSBA is also compatible with Carlink, for Telematics control. The FLRSBA is also compatible with available t-harnesses for thousands of plug-in vehicle applications.

FLRSBA COMPONENTS AND OPTIONAL ACCESSORIES

ADSAHRPWR
HIGH CURRENT 8-PIN STARTER HARNESS

The High Current (HC) harness is used for analog remote start applications where the heavier gauge wire is required.

The installation instructions and programming are the most advanced, installer friendly instructions on the market today. Compatible with WebLink Mobile and FLPROG Web Based Programming.

DYNAMIC INSTALLATION GUIDES

- Application and vehicle specific based on flash-update selection
- Complete installation wiring information provided
 - Vehicle wire colors and location
 - Only required connection shown
 - Includes pre-configured inputs and outputs
- No more external wiring database required
- New format allows quick “pre-wire” and “bench prep”

AUTOMATIC SYSTEM CONFIGURATION

- System inputs and outputs will be auto configured when flashed
- The system will be configured per application
- Second IGN/ACC/STT
- Low power ignition harness
- (-) IGN/ACC/STT when required
- Parking lights lock/ unlock confirmation

REMOTE START DATA MODULES WITH CUSTOM T-HARNESS

The Flashlogic Data Start Modules with custom t-harness will allow you to remote start vehicles from the OEM keyless entry transmitter to create an affordable “factory like” remote start system, eliminating the need for a traditional remote start system. Please note that some systems require the optional RF kit to control remote start functions. Optional RF kits or Carlink can also be added for increased operating range. For a complete list of vehicle applications go to www.flashlogic.com.

DATA START SYSTEMS

- Enables remote start from factory key fob (3XLOCK) on most models
- Advanced, fully integrated remote start technology
- No need to relinquish or purchase a costly key
- ‘Plug & Play’ wiring harness for non-invasive installation
- Compatible with long range remote controls and smart phone solutions sold separately
- 3 Year Warranty

	ADSTHRBZ4	Mercedes T-Harness / Controller	8	N/A	N/A

FLCMVW VW/AUDI DATA START MODULE

Data Start module for select Volkswagen and Audi models 2006 and up. Enables remote start, security, convenience integration and more. Compatible with long range RF kits and ADSTHRVW1, and ADSTHRAU2 T-harness sold separately.

ADSTHRVW1 VOLKSWAGEN / AUDI T-HARNESSES

Factory fit installation T-harness for select Volkswagen/Audi models from 2006 and up (VW1).

ADSTHRAU2 / ADSTHRAU3 AUDI/VW T-HARNESSES

Factory fit installation T-harness for select Audi/VW models.

FLASHLOGIC TRANSPONDER AND DOOR LOCK INTERFACE MODULES AND EXCLUSIVE DBI PORT ARE THE GATEWAY TO THE VEHICLE'S ELECTRONIC SYSTEM — THE ULTIMATE IN INTEGRATION

Our Smartphone App or long range transmitter kits can be paired with the FLCAN or Data Start Modules when long range operation is needed.

FLCAN

CAN DOOR LOCK & TRANSPONDER INTERFACE WITH KLON TECHNOLOGY

The FLCAN is a CAN BUS interface control module that has all of our Flashlogic Applications built into one programmable module. The FLCAN also enables remote start from the factory key fob (3XLOCK) for many vehicles. Compatible with long range remote controls and smart phone solutions sold separately. For a complete list of specific vehicle applications, go to www.flashlogic.com.

FLCART

CAN DOOR LOCK & TRANSPONDER INTERFACE WITH KLON TECHNOLOGY PLUG-IN CARTRIDGE

The FLCART is a CAN BUS interface control module that has all of our Flashlogic Applications built into one slide in cartridge. This solution allows for a cleaner installation, and is only compatible with Prestige, Pursuit or Code Alarm products with FLCART port. For a complete list of specific vehicle applications, go to www.flashlogic.com.

FLTB1

TRANSPONDER DATA INTERFACE

Data Transponder interface module that is programmable with specific Transponder Interface firmware from the FlashLogic library.

FLDL1

DOOR LOCK / CONVENIENCE WITH GM & HONDA TRANSPONDER INTERFACE

Door lock interface module programmable with specific Door Lock firmware from the FlashLogic library. It also controls various convenience features and supports transponder interface where applicable.

ADSTBSLVW1

VW/AUDI IMMOBILIZER BYPASS

Web-programmable Immobilizer Bypass for multiple VW/Audi vehicle models from 2006 to present.

ACCESSORIES

MBTOOL

MERCEDES BENZ IGNITION SWITCH REMOVAL TOOL

This tool allows for easy removal of the Mercedes Benz Ignition Switch for installation of our Mercedes Data Start Remote Start Systems.

KITB

UNIVERSAL TRANSPONDER INTERFACE KITS

Universal Remote Start Transponder Interface with key sense shut-off for most vehicles (key required). New larger case capable of holding larger key-headed transmitters.

FLCL6HAR

ASCL6 TO FLCAN HARNESS

Required when adding the ASCL6 to the FLCAN in a stand alone FLCAN 3X lock to start application for Smartphone Control.

CADATA

RF TO DATA CONVERTER

Required when adding Code Alarm transmitter kits to the AS9234E, FLCAN or FLRS Data Start Systems. The CADATA is NOT required for the Flashlogic FLRSBA system, and is NOT compatible with Prestige or Pursuit transmitter kits.

ADSHRNRSL02

ADAPTER HARNESS FOR DEI RF KITS FOR DATA START SYSTEMS (10 PER PACK)

ADSHRNSM01

ADAPTER HARNESS FOR DEI SMART START FOR DATA START SYSTEMS (10 PER PACK)

HRNPKAL2

COMPLETE HARNESS PACK FOR FLCAN (8 PER PACK)

GIVE YOURSELF THE **POWER OF PROTECTION**

PURSUIT SVR CAN BE ADDED TO ANY VEHICLE TO PROTECT ONE OF YOUR MOST IMPORTANT PERSONAL ASSETS, YOUR VEHICLE. WITH PURSUIT SVR YOUR VEHICLE WILL BE EQUIPPED WITH A STOLEN VEHICLE TRACKING DEVICE TO HELP RECOVER YOUR VEHICLE IN THE EVENT OF A THEFT. IN CASE OF A THEFT OR MISSING VEHICLE, SIMPLY CALL OUR 24/7/365 CALL CENTER AND WE WILL LOCATE THE VEHICLE AND CALL AUTHORITIES FOR YOU. PURSUIT SVR WILL PROTECT YOU COAST TO COAST WITH OUR NATIONWIDE WIRELESS CELLULAR SERVICE AND RECOVERY TEAM OF PROFESSIONALS.

700,000 Vehicles Stolen Every Year

Locate Your Vehicle in all 50 States

THEFT ALERT
Notification of any unauthorized vehicle movement

AUTHORITY RESPONSE ALERT
Recovery procedure can be initiated with the Recovery Call Center and local law enforcement

RECOVERY CALL CENTER
Up-to-the-minute location and movement until the vehicle is recovered

COMPLETE KITS

PRO9776Z

ONE-WAY REMOTE START / KEYLESS ENTRY AND SECURITY SYSTEM **WITH UP TO 1 MILE OPERATING RANGE**

- (2) Five Button 1-Way Transmitters
- FlashLogic FLCART Compatible
- Glass Mount Antenna with Built-in LED Light and Valet Switch
- Remote Keyless Entry
- Starter Interrupt
- Dual Stage Shock Sensor with City Mode
- Flashing Parking Lights
- (11) NOC Outputs, (19) Control Options
- (4) Auxiliary Outputs, (10) Control Options
- Web Based System Programming
- Telematics Port - Carlink Ready
- Limited Lifetime Warranty

COMPONENT PROGRAM

THE VOXXSECRS COMPONENT BASED REMOTE START & SECURITY SYSTEM IS A COMPLETE FULL-FEATURED REMOTE START & SECURITY SYSTEM – YOU SIMPLY ADD ONE OF OUR TRANSMITTER KITS OR TELEMATICS KITS TO CONTROL THE SYSTEM. GIVING YOU THE ULTIMATE IN FLEXIBILITY AND PROFITABILITY.

VOXXSECRS

UPGRADEABLE REMOTE START & SECURITY SYSTEM

- FlashLogic FLCART Compatible
- Remote Keyless Entry
- Multi Tone Mini Siren
- Starter Interrupt
- Dual Stage Shock Sensor with City Mode
- Flashing Parking Lights
- (9) NOC Outputs, (13) Control Options
- (4) Auxiliary Outputs, (8) Control Options
- Web Based System Programming
- Telematics Port - Carlink Ready
- Limited Lifetime Warranty

NOTE: REMOTE CONTROL NOT INCLUDED WITH KIT

KIT INCLUDES

COMPLETE KITS

**PRO9556Z**

ONE-WAY REMOTE START & KEYLESS ENTRY SYSTEM *WITH UP TO 1,500 FEET OPERATING RANGE*

- (2) Three Button 1-Way Transmitters
- Glass Mount Antenna with Built-in LED Light and Valet Switch
- DBI Port - Supports DBI and ADS Protocol
- Remote Keyless Entry
- Programmable Basic Security
- Web Based System Programming
- Telematics Port - Carlink Ready
- Limited Lifetime Warranty

PRO9056TWZ

TWO-WAY REMOTE START ONLY SYSTEM *WITH UP TO 1 MILE OPERATING RANGE*

- (2) One Button 2-Way Transmitters
- Glass Mount Antenna with Built-in LED Light and Valet Switch
- DBI Port – Supports DBI and ADS Protocol
- Programmable Basic Security
- Web Based System Programming
- Telematics Port – Carlink Ready
- Limited Lifetime Warranty

LONGER RANGE

UP TO 1 MILE RANGE

**PRO9056Z**

ONE-WAY REMOTE START ONLY SYSTEM *WITH UP TO 1,500 FEET OPERATING RANGE*

- (2) One Button 1-Way Transmitters
- Glass Mount Antenna with Built-in LED Light and Valet Switch
- DBI Port - Supports DBI and ADS Protocol
- Programmable Basic Security
- Web Based System Programming
- Telematics Port - Carlink Ready
- Limited Lifetime Warranty

PRO9051Z

REMOTE START SYSTEM *WITH UP TO 1,000 FEET OF RANGE*

- (2) One Button 1-Way Transmitters
- Glass Mount Antenna with Built-in LED Light and Valet Switch
- DBI Port - Supports DBI Protocol
- FlashLogic Data Port
- Limited Lifetime Warranty

FLASHLOGIC

COMPONENT PROGRAM

THE VOXXRS COMPONENT BASED REMOTE START / KEYLESS ENTRY SYSTEM IS A COMPLETE FULL-FEATURED REMOTE START & SECURITY SYSTEM – YOU SIMPLY ADD ONE OF OUR TRANSMITTER KITS OR TELEMATICS KITS TO CONTROL THE SYSTEM. GIVING YOU THE ULTIMATE IN FLEXIBILITY AND PROFITABILITY.

VOXXRS

UPGRADEABLE REMOTE START SYSTEM

KIT INCLUDES

NOTE: REMOTE CONTROL NOT INCLUDED WITH KIT

- FlashLogic FLCART Compatible
- Remote Keyless Entry
- Programmable Basic Security
- (9) NOC Outputs, (13) Control Options
- (4) Auxiliary Outputs, (8) Control Options
- Web Based System Programming
- Telematics Port - Carlink Ready
- Limited Lifetime Warrant

SECURITY & KEYLESS ENTRY SYSTEMS

THE VOXXSEC COMPONENT BASED SECURITY SYSTEM IS A COMPLETE FULL-FEATURED SECURITY SYSTEM – YOU SIMPLY ADD ONE OF OUR TRANSMITTER KITS OR TELEMATICS KITS TO CONTROL THE SYSTEM. GIVING YOU THE ULTIMATE IN FLEXIBILITY AND PROFITABILITY.

VOXXSEC

UPGRADEABLE SECURITY SYSTEM

KIT INCLUDES

NOTE: REMOTE CONTROL NOT INCLUDED WITH KIT

- Flashing Parking Lights
- Horn Output
- 3 Year Limited Warranty

**CPT2**

ADD ON INTERIOR THEFT & DIGITAL TILT SENSOR

The CPT2 sensor picks up where your factory (OEM) security sensor leaves off. If you don't know, Most OEM security systems simply offer a device that prevents the vehicle from starting, and does little to protect the contents, wheels & tires and your personal belongings.

ADD ADDITIONAL PROTECTION WITH EXTRA LAYERS OF PROTECTION. PROTECT AGAINST "SMASH AND GRAB", PROTECT YOUR EXPENSIVE WHEELS AND TIRES, SURROUND YOUR VEHICLE WITH A FORCE FIELD TO ALERT YOU BEFORE THE THIEF EVEN ENTERS YOUR VEHICLE AND MUCH MORE.

FOR A COMPLETE LIST OF ACCESSORIES & TRANSMITTER COMPATIBILITY CHART, SEE OUR FULL LINE VOXX RETAIL CATALOG.

MV3

The MV3 is the most reliable vehicle intrusion sensor on the market today. Detects moving objects within the vehicle using a unique RF technology. Ideal for convertibles.

MBS

The MBS is a compact Multi-tone siren designed for vehicles with limited space in the engine compartment. The built-in Back Up battery provides additional protection to your vehicle in the event the vehicle's battery becomes disconnected or discharged.

CAGBS

The CAGBS provides protection against entry to the vehicle when the security system is armed by detecting the breaking of vehicle glass. The remote microphone is designed to analyze the frequency of breaking glass to eliminate false trigger conditions.

ASWRP

The ASWRP allows the operation of two windows in both directions. The system also can roll up two power windows when the security system is armed. Windows can also be vented or rolled down completely by remote control.

DUB1

The DUB1 Digital Tilt Sensor is activated by the armed output of your vehicle's alarm system. Once activated, the DUB1 integrated microchip nanomechanics and a digital signal processing microprocessor to instantly and continually analyze all pitch, yaw and motion data. The result is a tilt sensor that, regardless of conditions, detects less than one degree of lifting or any motion of the vehicle without error.

ABOUT VOXX ELECTRONICS CORPORATION (VEC)

VOXX Electronics Corporation (VEC) is a wholly-owned subsidiary of Voxx International Corporation (NASDAQ:VOXX), a global supplier of mobile and consumer electronics products. VEC is a recognized leader in the marketing of Automotive Entertainment, Vehicle Security/Tracking, Remote Start Systems, Telematics and Advanced Driver Assistance Systems (ADAS).

VEC sells its products through an extensive distribution network that includes expeditors, mass merchandisers, regional mobile electronics chains and independent specialist both domestic and internationally. VOXX Electronics possesses a strong brand portfolio and its products rank among the top ten in almost every category in which they sell. Primary brands include: Advent®, Audiovox®, Rosen®, Invision®, Movies to Go by Voxx®, CarLink®, Code Alarm®, Flashlogic®, Prestige®, Pursuit®, Pursuit SVR®, CrimeStopper and Omega® Rostra®, Viper®, Autostart®, AstroStart®, Automate®, Avital®, Clifford®, Directed®, and Python®. VOXX Electronics has strategic Distribution relationships with Gentex®, Look-it® Auto-Oxide and SiriusXM®.

For additional information, please visit our website at www.voxxelectronics.com

ABOUT VOXX INTERNATIONAL CORPORATION

We are a leading global manufacturer and supplier of Automotive and Consumer Electronics products, with an expanding portfolio of iris-based authentication solutions for the rapidly growing biometrics industry. We have a broad range of products sold under a portfolio of over 35 well-known Consumer Electronics brands in the premium audio and accessories categories, including Klipsch®, RCA®, Acoustic Research®, Audiovox®, 808 Audio®, Magnat®, Heco®, Schwaiger®, Oehlbach®, and more. We also have an array of products within our Automotive Electronics segment, with brands such as Invision®, Rosen®, Advent®, and Code-Alarm® as well as the recently acquired brands of Rostra®, Vehicle Safety Manufacturing®, Viper®, Autostart®, AstroStart®, Automate®, Avital®, Clifford®, Directed®, and Python®. We supply our products to a diversified customer base consisting of automotive OEMs, specialty CE-retailers, mass merchandise and power retailers, 12-volt specialists, and other commercial entities.

We hold market-leading positions across many categories within our Automotive Electronics and Consumer Accessories segments. For years, we have been the #1 provider of rear-seat entertainment systems and believe we are the #1 supplier of vehicle security and remote start systems to domestic OEMs and to the automotive aftermarket. We are the #1 premium loudspeaker company in North America and believe we are the #1 supplier of antennas and TV remote controls at retail (also in North America). Our other brands typically hold top 5 or top 10 market positions within the categories we operate.

For additional information, please visit our website at www.voxxintl.com

Vision Zero Automotive Network is a 501(c)(3) non-profit entity dedicated to educating and encouraging the saving of lives through the addition of life saving technologies in existing vehicles.

VOXX International and all of its family of brands are committed to helping save our environment. To that end, all printed materials produced by us are printed on recyclable paper using only biodegradable ECO friendly coatings. We use soybean rather than petroleum based inks. Our printing presses have "Purge on Press" capability; use no alcohol and therefore result in no vapor pollutants in the air.

IMPORTANT SAFETY NOTICE

It is unlawful in most jurisdictions for a person to drive a motor vehicle which is equipped with a television viewer or screen that is located in the motor vehicle at any point forward of the back of the driver's seat, or that is visible, directly or indirectly, to the driver while operating the vehicle. This product should only be installed to the rear of the back of the driver's seat where it will not be visible, directly or indirectly, to the operator of the motor vehicle. In addition, the state of Rhode island forbids the installation of such a device in a motor vehicle.

Photos and specifications subject to change without notice. Illustration of product finish may vary from actual color. All network and programing images and logos are copyrighted and are the property of their respective owners; they are not affiliated with Voxx International Corporation. All trade names are registered trademarks of respective manufacturers listed. All rights reserved.

These products are distributed by Voxx International Corporation and or its subsidiaries, not in any way affiliated with or made or sponsored by its affiliates and or the owners for the Cadillac®, Chevrolet®, GMC®, Chrysler®, Ford® and GM® brands. The names of actual companies and products mentioned herein may be the trademark of their respective owner.
