

## Stealth X6 6-Band 4G LTE Extreme Power Building Boosters

For use in Locations with Poor Outdoor and Poor Indoor Cellular Signal

- Highest output power boosters available
- Improves voice calls and increases data speeds for all cellular devices
- Self regulating, easy to install, no maintenance required
- Ideal for remote locations GREATER than 6 mi. and up to 30 mi. from the nearest cellular tower

### STEALTH X6 SERIES

X660 - coverage area up to 5,000 sqft-60dB

X665 - coverage area up to 8,000 sqft-65dB

X672 - coverage area up to 18,000 sqft-72dB

### BBUX660GP

- 60 dB gain building booster with "F" connectors.
- Complete kit includes all parts required.
- Covers up to 5,000 sq. ft.
- (Sq ft will vary with outside signal strength)
- Recommended for locations GREATER than 6 miles & up to 30 miles from the nearest cellular tower

### BBUX672GP

- 72 dB gain building booster with "F" connectors.
- Complete kit includes all parts required.
- Covers up to 18,000 sq. ft.
- (Sq ft will vary with outside signal strength)
- Recommended for locations GREATER than 6 miles & up to 30 miles from the nearest cellular tower

## NEW - Stealth RV and Trucker Boosters - The Most Powerful Boosters in the Market

### X-TUBE TRUCKER X6 EXTREME POWER WIRELESS CELLULAR SIGNAL BOOSTER

#### X-Tube Antenna Parts Included

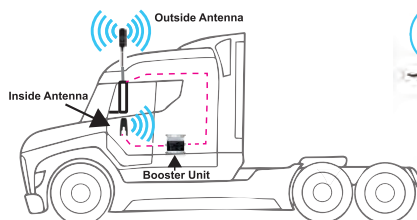

#### Technical Data

SMOOTH TALKER MOBILE X6	6 BAND MULTI BAND 50dB
FREQUENCIES	700lower 700upper 850 1900 1700/2100 MHz
GAIN	50dB
MODULATIONS	2G, 3G, 3G+, 4G, 4G+, GSM, HSPA, CDMA, LTE, LTEA
TX POWER	1 watt
NOISE FIGURE	<4 dB
FLATNESS	+/- 3 dB
POWER SUPPLY	120V AC/DC
OPERATING TEMP	-22 F to + 185 F
DIMENSIONS	L 4.72" x W 4.25" x H 1.25" (inch)
WEIGHT	1.5 lbs
CABLE	INCLUDED IN ALL KITS

### STEALTH X-TUBE RV X6 PRO EXTREME POWER CELLULAR SIGNAL BOOSTER

Boosting Your Cell Signal  
Anywhere

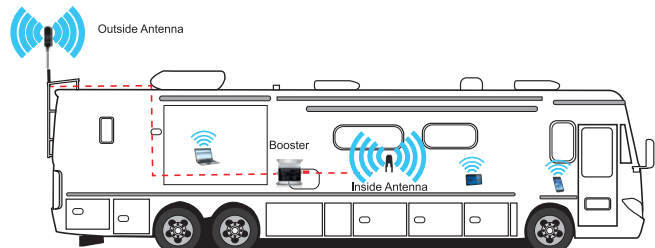

Boosting Your Cell Signal  
Anywhere

#### How it Works

The Booster captures the signal from outside vehicle and boosts it to the phone. It takes the weak signal from your phone and boosts it back to the tower

**BMUX650TRUXLPi30**

The Booster captures the signal from outside vehicle and boosts it to the phone. It takes the weak signal from your phone and boosts it back to the tower

**BMUX650TRVGLPi30**

## Cellular Signal Boosters for Vehicles and Home/Buildings

Smoothtalker manufacture the most advanced and functional cellular signal boosters in the market for vehicle and home/buildings. Their solutions get cellular devices connected in the most remote areas, reduce dropped calls, increase data speeds, conserve battery life and our grab and go kits are easy to install

### Below are some of the features of our solutions that separate us from the competition:

- Most powerful in the Industry. More output power to get you Connect in more remote areas
- Greatest RX (receive) Sensitivity to pick up the weakest signal where other boosters will not work
- StealthTech proprietary algorithms provide unsurpassed oscillation & power control to ensure maximum connectivity to the cellular device
- 100% Made in North America
- Durable aircraft all aluminum construction
- Smoothtalker manufactured the first FCC & IC approved digital mobile booster in North America in 2001

## Mobile X6 50dB Wireless Extreme Power Booster

### BMUX650PI

With 12V Install Power Supply

- 50dB Gain
- Extreme power wireless multi-user vehicle booster
- Improves voice calls and increases data speed.
- Self regulating, easy to install, no maintenance required
- Ideal for remote locations GREATER than 6 mi. and up to 30 mi. from the nearest cellular tower

### BMUX650PC

With 12V Socket Power Supply

## High Performance Cellular Antennas

### Magnetic Mount Antennas

### SEM2MX

- 2" stainless steel mast, with a 2" diameter magnetic base. Best suited for varying terrain with obstructions. This antenna has 10 ft of coax cable with an MCT female connector.

### SEM14MX

- 14" magnetic mount antenna with a 2" diameter magnetic base. Provides best performance in flat terrain. This antenna has 10 ft of coax cable with an MCT female connector.

### SEM2THX

- 2" Omni directional stainless steel mast, with thru-hole mount. Best suited for varying terrain with obstructions. This antenna has 14 ft of quad shield coax cable with an MCT female connector.

### SEM14THX

- 14" enclosed dual coil high gain antenna with thru-hole mount. Provides best performance in flat terrain. This antenna has 14 ft of quad shield coax cable and an MCT female connector.

**Connects you in poor signal areas**

**Reduces Dropped Calls**

**Multiple Users Multiple Devices**
