

## 10 METER AMATEUR RADIO

### RCI-2970N2

- Variable Power Output from 150 watts to 2 watts - great for PSK-31 operation.
- 10 & 12 Meter Bands • Large Frequency Display with Dimmer • Improved Receiver Design • New Green Back-light Display • Variable Output Power Control • Active Frequency Scanner
- Receiver Clarifier ( $\pm 0.5\text{kHz}$ ) • The new improved 2970N2 has 16 Programmable/Erasable Memory Channels • Noise Blanker/ANL Circuitry • Frequency Selector Lockout • Programmable Repeater Offset • Public Address Feature

## 10 METER AMATEUR RADIO

### RCI-39VHP+

- 80+ watts of Output Power • Compact Easy Fit Design • Adjustable Echo • Variable Talkback • Auto-calibrating SWR Meter • Blue Console Lights • Black Chrome • Three Level LED Dimmer • PA Jack • Front-Panel Microphone Jack

## 10 METER AMATEUR RADIO

### RCI-X9

- Compact size • Hi-power 100 plus watts PEP • White LED display lights • Twin fans for exceptional cooling • Auto-calibrating SWR meter • USB, LSB and AM modes • Free Ranger SRA-198 Noise Cancelling Mic. • Echo and Talkback • Variable power output control.

## 10 METER AMATEUR RADIO

### RCI-2995DXCF-HP

- 10 & 12 Meter Bands • Large Frequency Display with Dimmer • Improved Receiver Design
- New Green Back-light Display • Variable Output Power Control • Active Frequency Scanner
- Ten Programmable Frequencies • Programmable Repeater Split • Receiver Clarifier ( $\pm 0.5\text{kHz}$ ) • Dual Panel Meters • Noise Blanker/ANL Circuitry • Frequency Selector Lockout
- Continuous Duty Built-in AC Power Supply

## ECHO BOARD

### LT-2

- Sounds Clean and Clear Consistently • Does not Repeat Forever
- ONE OF THE BEST ECHO BOARDS EVER PRODUCED

## NOISE CANCELING MICROPHONES

### SRA-198

- Rugged Noise-Canceling Microphone with Excellent Active Noise Filter that Cancels any Unwanted, Disturbing Surrounding Sounds
- Voice Response Characteristic is Excellent

### SRA-198C

- Rugged CHROME Noise-Canceling Microphone with Excellent Active Noise Filter that Cancels any Unwanted, Disturbing Surrounding Sounds

## Monkey Made Antennas

Common Features:

- Extra Heavy Duty Ferrule and Stinger • Hear Better and Transmit Further • Lower SWR's, and 30-K plus Capacity • Made Tough for Professional Drivers

Model	Description	Stinger Length	Total Length
<b>MM-9 SHORT</b>	Short Shaft, 3" Diameter (30,000 + Watt Capacity)	49"	5' - 6"
<b>MM-9 MEDIUM</b>	Medium Shaft, 3" Diameter (30,000 + Watt Capacity)	49"	5' - 6"
<b>MM-9 LONG</b>	Long Shaft, 3" Diameter (30,000 + Watt Capacity)	49"	5' - 6"

MM-9 Medium

## Replacement Microphones

THE ORIGINAL  
**ROADKING**

- RK56B** — Microphone with Belden Cord
- RK56B-4P** — Microphone Wired for 4 Pin Uniden/Cobra
- RK564PCH** — Chrome Version of RK56B-4P
- RPRK564F** — Flag Version of RK56B-4P
- 01U183521BULKNEW** — Replacement cord

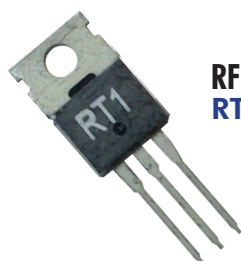

## Ranger

### SRA-198(BLK) SRA-198(CHROME)

- Rugged Noise Canceling Microphone with Excellent Active Noise Filter
- 4 Pin Wired Connector • Voice Response Characteristic is Excellent

### RF Final MOSFET Transistor RT-1

### Echo Board LT-2

- Sounds Clean and Clear Consistently • Does not Repeat Forever • One of the Finest Echo Board Ever Made
